Welcome to the Monopoly Run

A very warm welcome to the Monopoly Run. It's amazing to see so many Scouting & Guiding groups joining us from all around the UK and Europe. This year we have over 8000 people taking part on the Run, so you will be sure to see plenty of other teams and groups throughout the day.

If you haven't already done so, now is the time to download our app! We recommend that you have a good read of this pack before the big day to ensure that you are fully aware of the rules and also how to use the app. Don't forget that everybody in the team can log in to the app but only one phone in each team can perform the "Check-ins".

Check out page 3
for more info on the app.

Monopoly HQ love to see what everyone's getting up to during their day, so don't forget to post your pictures of the day onto social media via Twitter or Facebook, more info on page 4.

Good Luck
Monopoly Run Team

Play by the Rules

- For your safety, your team must **NOT** split.
- There is no need to return to the London Eye at the end of the game.
- You will start with a budget of £1500.
- Teams will only be able to purchase a property (if it's available) if they have the correct money in their bank account. Otherwise they will be able to check-in, but it will just be classed as a 'visit'.
- When arriving at a location, use the App or call the control team to check in. Ensure you are standing in front of whatever is shown in the photograph.
- Please keep phone calls to the control team short and sweet, so others can get through as well!
- The winner is the team who has the most money at the end of the game.
- At the end of the game, you will be fined 1.5 times the rent cost* for each property you haven't visited.
- Any team who is found to falsify their results will be heavily fined or potentially eliminated.
- The bonus quiz can earn you extra money in addition to the run.
- Extra team challenges will be sent out periodically, through which you can earn extra money.
- We have multiple games running during the day, so don't let them put you off – they might be playing a different game from you! Keep ringing in!
- The Vine Street that we are using is in W1, not EC3.
- Under no circumstances are you allowed to use bicycles, scooters or taxis.
- The emergency contact number is 0333 358 3447. This is to be used **ONLY** for emergencies, and you **MUST** use this contact number for any emergencies, after the emergency services.
- All phones in the team can use the App but only one of the phones can complete check-ins. If you need to change the registered phone, contact the control team who will provide a release code.
- In order to start the Run you will be required to check in at Jubilee Gardens, if you fail to check in you will be asked to return to the start before continuing.

*This is based on the rent value if you were to visit at the end of the day. i.e. if there is a hotel on a property you will be fined 1.5 times the hotel rent cost.

Objectives

To buy as many properties as possible by visiting the sites & checking in.

You will gain money if people visit your sites.

For extra income, you can complete a quiz whilst on your way round.

The quiz is open to play throughout the length of your game play time. This may make the difference between winning or losing!

We operate a staggered start time:

9:30am - 5pm / 9:45am - 5:15pm / 10am - 5:30pm

Your team will have been allocated a start time automatically by the system in the build up to the Run. Your start time will be on the front cover of the pack, and when you've logged onto the app.

Top Tips

1. Plan your day

Some places can be easier to access on foot than on the tube or bus.

2. Look for groups

You get double rent if you manage to buy all the properties in the same colour group.

3. Don't burn out!

It's a long day, make sure that you are eating enough and taking on enough fluid.

These are the incomes and outgoings throughout the game

Incomes

- Rent from properties
- £200 for passing Go after every fourth property you visit
- Chance cards
- Quiz
- 50% return on all owned properties (calculated at the end of the game)
- Visiting Free Parking
- Entries into team challenges

Outgoings

- Rent if you land on an owned property
- Chance cards
- Buying property
- 1.5 times the rent cost* for each property that you don't visit
- "Cheating fines"

*This is based of the rent value if your were to visit at the end of the day. i.e. if there is a hotel on a property you will be fined 1.5 times the hotel rent cost.

Game Play

Hotels

Hotels allow you to earn extra on the rent value of the property. To purchase a hotel on a property, your team must own all the properties in a colour group* and have the correct money in your bank.

*Hotels not available on stations, utilities or start location.

Free Parking

Sponsored by

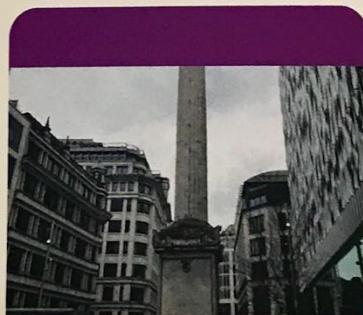

Chance cards are issued when your team checks in; this has two effects - adding or taking money from your bank balance. Money taken from your bank is deposited into a 'pot' for your game. You can access the bounty in the 'pot' by visiting one of the 3 Free Parking locations scattered around London.

You will get one opportunity* to visit Free Parking during the day. Visiting Free Parking is like any other location, and you will have to 'check-in'. Unlike a standard property, you can't own Free Parking, but you will win a randomly generated percentage of the 'pot', this can be anything from 20%, all the way up to a whopping 80%. Choosing when to visit is critical; you don't want to follow a team who have just visited, but at the same time, don't miss out as the 'pot' will get large. *additional visits to Free Parking are available through Chance Cards.

St James's Palace

Monument

BT Tower

Team Challenges

Team challenges will consist of taking photos based on a scenario that we send out to you via push notifications. Taking part will mean that you have the potential of earning more money to boost your bank balance.

Quiz

You can earn extra money from participating in the quiz. An example of the type of question might be:

- Q.** Wobbly Infants
A. Jelly Babies

App & Contacts

Live App

Our custom built app is the main way of participating in the game and is available from the App (iOS) and Play (Android) store.

The app will allow you to do the following:

- Check In at all locations
- Complete the Quiz
- Participate in the team Challenges
- See your team stats
- Check the status of the Tube
- Receive alerts from the control team

In order to log in to the App you need to use the details on the front of this pack.

Phone numbers

Check-In / Help: 0333 358 3447

We suggest that you try using the App first in order to check in. Don't worry if you have problems using it – we will still be manning the phones! On arriving at a property, use the app or give us a call on the number above to check in. App check-ins will use your phone's inbuilt GPS to make sure you are in the right place! Remember, only one person per team should call in at any time.

If you have any issues during the day, or you need to change your registered numbers please contact us on the number above.

For genuine emergencies call 999 and then call the help line.

Social Media

Don't forget to check our Twitter and Facebook pages throughout your day.

We will be providing updates and witty banter all day. It would be great if you could send us your photos, so that we can share them with the masses.

Details of our social media accounts and hashtags can be found below.

Emergency Procedure

If there happens to be a incident in London (terror related or non-terror related) whilst the Run is taking place, it is important to follow the advice given to us by the Police and relevant authorities.

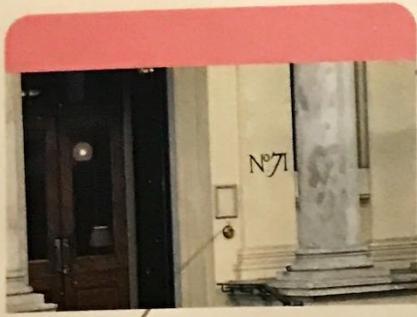

Run - find a safe location

Hide - get yourself out of sight

Tell - phone the Police on 999

When you have done this please wait for the Police to give you further instructions. Do not in any instance try to deal with the situation by yourself or with a group of others. It isn't worth the risk. Additionally put your phones into silent mode.

The organisers of the event will then provide information, regarding the game and what steps we will be taking next.
